The Audi A6

Pricing and Specification Guide

Valid from December 2009

Personalising your Audi A6

This guide has been designed to help you tailor and price your Audi A6 quickly and logically. At the back of this guide, you will also find information on CO_2 emissions-based vehicle excise duty and the other services offered by Audi, including Finance and Insurance. Alternatively, you can go to audi.co.uk and configure your Audi A6 online.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar. From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi A6 – luxury refined

We haven't made the fuel tank bigger, we've just made our engines more fuel efficient. On the Audi A6 2.0 TDIe, for instance, you'll get up to 107 more miles each time you fill up. And across the whole Audi A6 diesel engine range, you'll get between 48 and 127 more miles. So one place you won't be going with all those extra miles is the petrol station.

S6
D HH RU 1577

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO_2 and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi A6.

Aerodynamics

A car's shape can have a big impact on its efficiency. It's why we've worked to make the Audi A6 as aerodynamic as possible, including technology such as optional adaptive air suspension that responds to changes in speed. It means that the Audi A6 becomes more aerodynamic at high speeds, while still offering good ground clearance when needed.

TDI® and FSI®

Inside the engine of the Audi A6 you'll find the same advanced fuel-injection technology that's driven us to win after win at Le Mans. With TDI® and FSI®, fuel is injected directly into the engine's chambers so that combustion is timed right down to the millisecond. As a result, waste is minimised and you get the most from every last drop of fuel.

Images are for illustrative purposes only

Recuperation

When a vehicle brakes, the discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system, like the one in the Audi A6, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of up to 3%.

Engines

Petrol

FSI® direct-injection technology is a unique Audi innovation that was originally developed for the Le Mans 24-hour endurance race to deliver more power and torque, as well as enhanced fuel efficiency. Precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to 'breathe' more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions. We've also developed TFSI®, with either turbocharging or supercharging, which combines FSI® technology with forced induction – giving cars an extra injection of power.

Diesel

We introduced TDI® to the roads in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. And since then, we've continuously refined it, recently developing common-rail technology. Under this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen, which cuts down emissions.

Images are for illustrative purposes only

Transmission

multitronic®

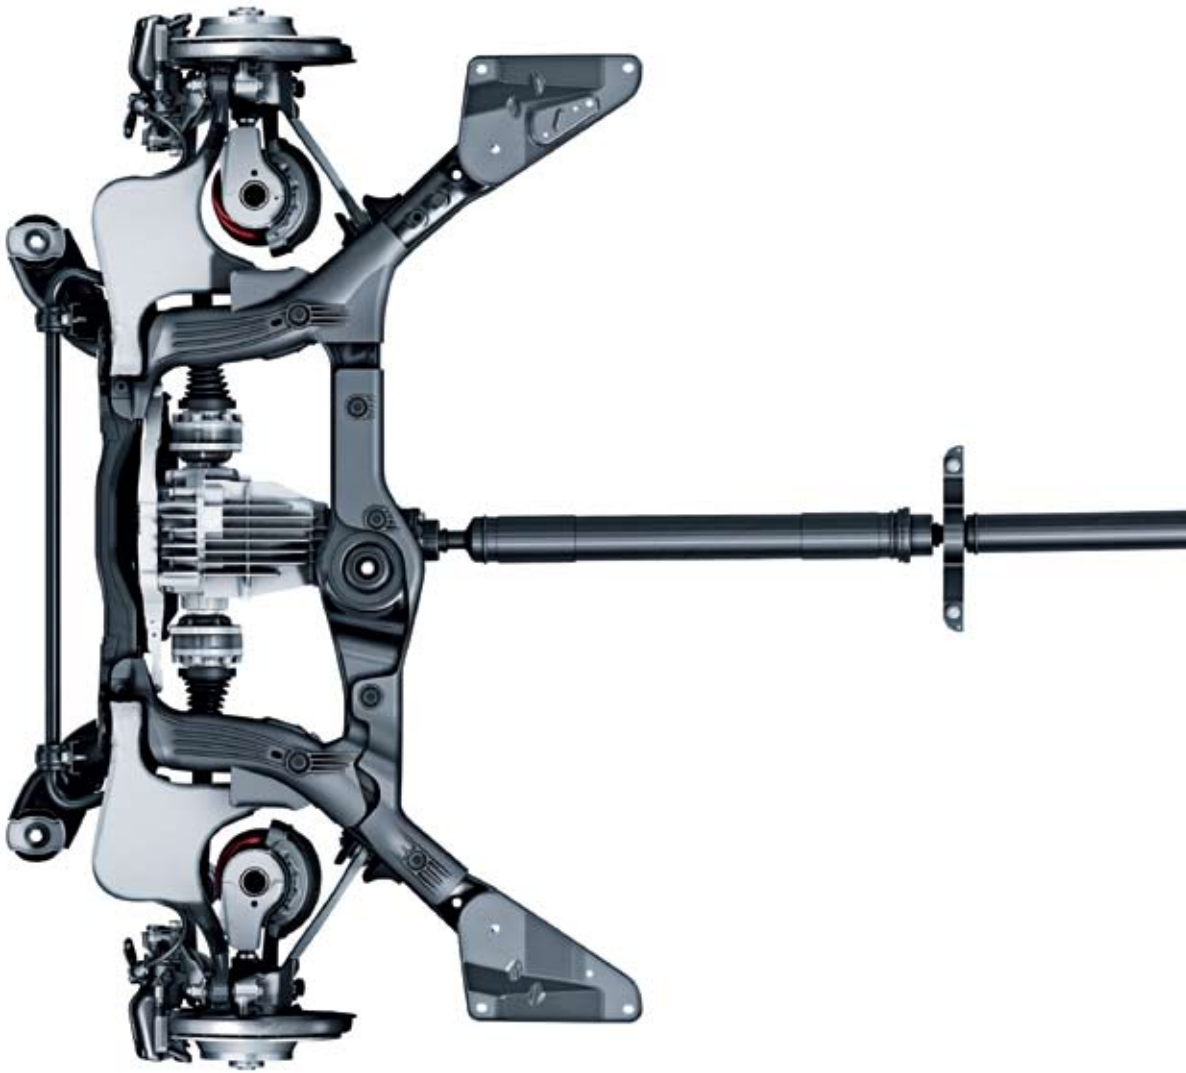
Translating a driver's preferences and intentions into road performance, the multitronic® transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic® automatic transmission is available on models without quattro® permanent all-wheel-drive. A continuously variable transmission, multitronic® can transmit up to 400Nm of torque and permits an exceptionally wide range of gear ratios. The result is smooth, powerful acceleration and a high level of driving comfort. And thanks to its lightweight design and a number of advanced electronic control systems that monitor gradient, road conditions and the way the driver is using the accelerator pedal, multitronic® also plays an instrumental role in reducing fuel consumption.

tiptronic

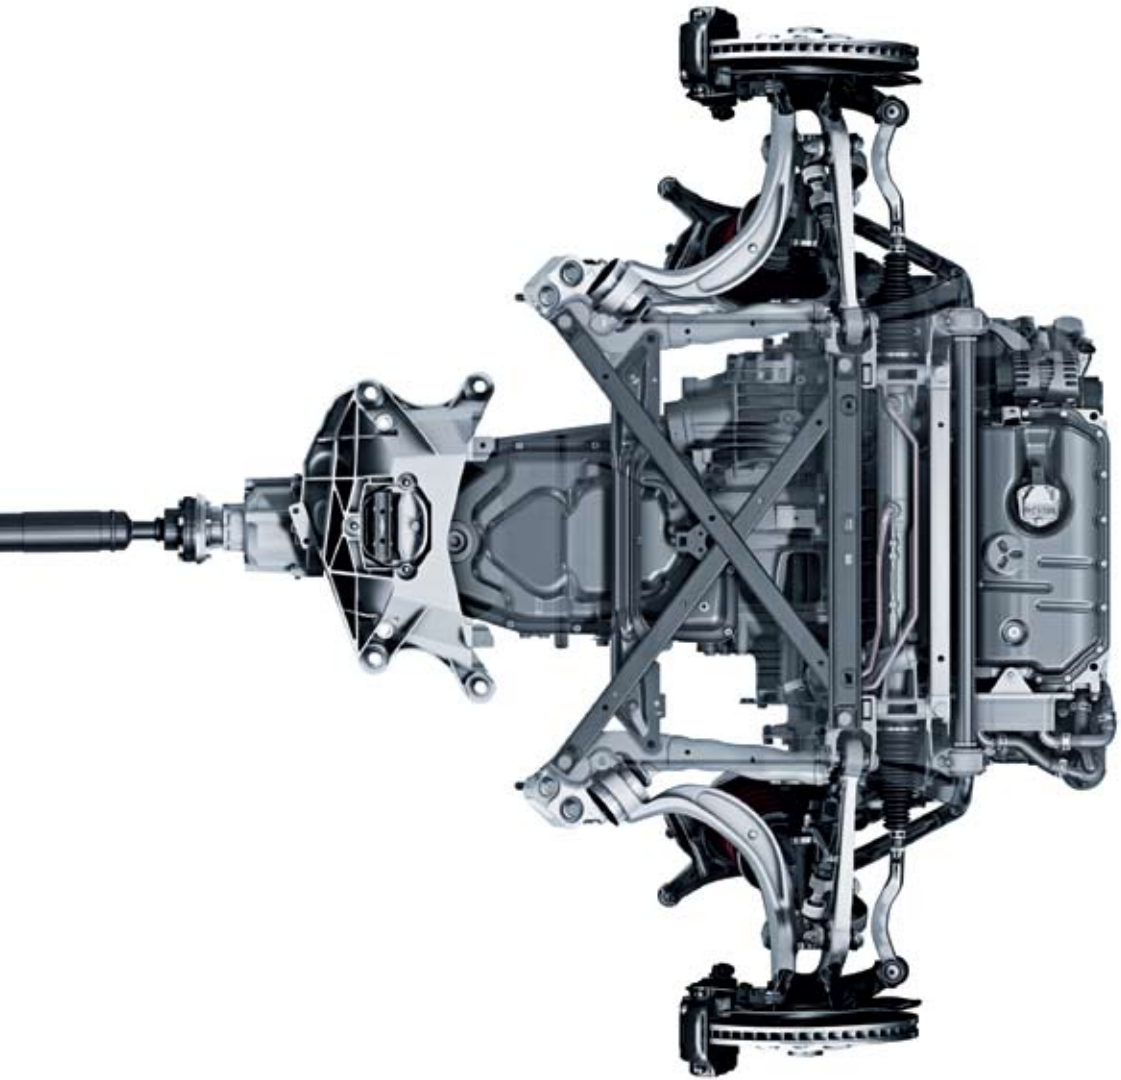
The 6-speed tiptronic transmission system is a form of automatic transmission available on Audi models with quattro® permanent all-wheel-drive. The technology converts high-torque engine power into both sporty performance and operating convenience, with crisp, fast gear changes, reduced weight and an optimised gearshift strategy. More spontaneous gear changes are a particular benefit, especially when down-shifting. Both in the 'D' (Drive) and 'S' (Sport) programme, the advanced electronics used in tiptronic respond efficiently to every driver input, helping to prevent unwanted upshifts when cornering.

quattro®

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Audi A6 so thrilling to drive. It's called quattro® permanent all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe.



Images are for illustrative purposes only



In the Audi A6, asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles, depending on weather conditions, road surface and gradient. This leads to greater flexibility and an enhanced, sportier drive.

Standard model equipment

All A6 models have the following items of Standard equipment

Wheels, tyres and suspension

17” x 8J ‘Structure’ design alloy wheels with 225/50 R17 tyres

Four-link front suspension

Spare wheel – full-size alloy*

Sports suspension, 20mm lower (2.0 TDIe models only)

Audio and communication

MMI Radio Plus, including

– FM/AM radio

– 10 speakers

– Single CD player

– DSP sound system

– 2x SD memory card readers

Safety and security

Anti-lock Braking System (ABS) with EBD

Anti-Slip Regulation (ASR) traction control

Audi backguard head restraints for front seats (adjustable)

Brake light – third brake light in rear window

Brake system: disc brakes at front and rear, ventilated at front

Central locking with radio remote-control

Driver and front passenger two-stage airbags with front passenger airbag deactivation

Dynamic suspension system

Electric child locks for rear doors and windows

Electromechanical parking brake

Electronic Differential Lock (EDL) traction control

Exit lights and active reflectors on all doors

Front fog-light

ISOFIX child-seat mounting (front-left and outer-rear seats)

LED rear lights

Light and rain sensors including coming/leaving home function

Rear fog-light

Servotronic steering – power steering with speed-dependent control

Side airbags for driver and front passenger

Sideguard head airbag system to protect front and outer rear passengers in a side collision

Side-impact protection in all doors

Thatcham Category 1 alarm and immobiliser

Warning triangle

Seats

3-point seat belts for all seats with front belt-force limiters

Split-folding rear seats

Meridian cloth upholstery

Interior equipment

12V power socket in luggage compartment (Avant models only)

12V power socket in rear centre console

4-spoke leather multi-function steering wheel (adjustable for reach and rake)

Aluminium fascia and door trim inlays

Ashtrays, illuminated, at the front of the centre console and in the rear doors

17” x 8J ‘Structure’ design alloy wheels

Dual-zone electronic climate control

Split-folding rear seats

Meridian cloth upholstery

*A6 Avant 2.0 TDI®e has the Tyre Mobility System in lieu of the full-size spare wheel.

Centre armrests, front and rear, with storage compartment

Coat hooks with cushioned action, two recessed in roof area

Compartment for glasses in front roof module

Cruise control

Cup holder within the centre console storage compartment and a second cup holder beneath the front centre armrest

Driver's Information System (DIS)

Dual-zone electronic climate control

Electric front and rear windows

Floor mats in front and rear

Heated rear window

Heat-insulating glass

Illuminated vanity mirrors

Exterior equipment

Body-coloured door mirrors, handles and bumpers

Electrically adjustable and heated door mirrors

Halogen headlights with manual range adjustment

Rear window wash/wipe (Avant models only)

Roof rails in aluminium (Avant models only)

Windscreen-washer jets, heated

Load area comprising rail system, lashing points and folding load-area floor (Avant models only)

Luggage compartment cover (Avant models only)

Reading lights – two at front and two at rear

Scuff plates with metal inlays

Tool kit in luggage compartment

4-spoke leather multi-function steering wheel

Driver/front passenger two-stage airbags with front passenger airbag deactivation

A6 Avant lashing points and rail system

LED rear lights

SE model equipment

In addition to Standard model equipment

S line model equipment

In addition to SE model equipment

Basic RRP
£1,063.83

Total RRP inc VAT
£1,250.00

Wheels, tyres and suspension

18" x 8J '5-spoke' design alloy wheels with 245/40 R18 Y tyres

Sports suspension (S line suspension available at no extra cost**)

Seats

Front Sports seats with S line logo, including electrically adjustable lumbar support for both front seats

Interior equipment

Black cloth headlining

Gear knob in perforated leather

3-spoke leather multi-function steering wheel – with S line logo (with shift paddles on automatic models)

Matt-brushed aluminium fascia and door trims

Exterior equipment

Headlight washers

S line body styling (front bumper and rear diffuser in Sports design)

Xenon Plus headlights with LED daytime-running lights and kerb lights

Front Sports seats with S line logo

3-spoke leather multi-function steering wheel – with S line logo

**Not available on 2.0 TDI® 136PS models.

RRP – Recommended Retail Price. VAT is calculated at 17.5% but this may alter to reflect any change in the applicable VAT rate.

Le Mans Edition model equipment

In addition to S line model equipment

Basic RRP
£212.77

Total RRP inc VAT
£250.00

Audi is no stranger to victory at Le Mans – we've won the legendary 24-hour race 8 times in 10 years. Our greatest triumph came on 18 June 2006, when we became the first manufacturer ever to win Le Mans with a diesel car.

The theory was simple but it made the technology extremely efficient: we injected exactly the right amount of fuel and air into the engine's combustion chambers, which resulted in less wastage and fewer pitstops. Now we've produced a range of very special 'Le Mans' A6 models which use the same remarkably efficient TDI® and FSI® technology that has been integral to our recent Le Mans victories.

Unlike the race-winning R10, however, this model comes complete with the following features:

Wheels, tyres and suspension

19" x 8.5J '7-double-spoke' design alloy wheels with 255/35 R19 tyres

Exterior equipment

Acoustic parking system – rear
Metallic paint

Seats

Heated front seats

Interior equipment

Light package

RRP – Recommended Retail Price. VAT is calculated at 17.5% but this may alter to reflect any change in the applicable VAT rate.*
Valid for new vehicle orders placed up to and including 30 June 2010 and delivered on or after 1 March 2010. Offers are subject to availability.

In addition to A6 Standard model equipment

Whether you opt for the Saloon or Avant, this model features one incredibly potent engine – the 5.2 V10 FSI®. The first ever V10 from Audi, this 435PS powerhouse has been developed with technical input from Lamborghini. The performance speaks for itself – 0-62mph in the Saloon takes just 5.2 seconds, with a mere tenth-of-a-second's difference in the Avant. Channelling all that power and maximising both handling and agility is our advanced quattro® system, modified aluminium Sports suspension and 19" alloy wheels.

Wheels, tyres and suspension

19" x 9J 5-arm 'S' design alloy wheels with 265/35 R19 tyres

Full-size spare wheel

Audio and communication

6-disc CD changer

Bluetooth mobile phone preparation – High

Satellite Navigation system – HDD-based

MMI 3G Multi Media Interface with 7" high resolution screen

Seats

Leather/Alcantara 'S' Sports seats – electrically adjustable with electric lumbar support

Split-folding rear seats

Interior equipment

Auto-dimming rear-view mirror

Carbon Atlas inlays

Coloured instrument inserts with white needles

Colour Driver's Information System (DIS)

Light package

Leather-trimmed 3-spoke multi-function steering wheel with 'S6' logo, contrasting stitching and gear-change shift paddles in aluminium look

'S' gear knob in leather and aluminium

Storage pack (for details see page 51)

Exterior equipment

80-litre fuel tank

Aluminium-look wing mirrors

Black-painted brake callipers featuring the S6 logo at front (15" brake discs at front, 13" at rear)

Dual-branch oval exhaust system (4 tailpipes)

LED daytime-running lights integrated in the bumper

S' grille (Platinum grey): double vertically-oriented chrome struts

'S' rear spoiler

'S' specific bumpers

'S' specific Sports chassis with latest-generation quattro® all-wheel-drive, incorporating a 60/40 rear-biased torque-split

S6 door-sill trim in aluminium look

V10 badge on wheel arch

Xenon Plus headlights including headlight washers

'S' Sports seats in optional Silk Nappa leather

Leather-trimmed 3-spoke multi-function steering wheel with S6 logo

19" x 9J 5-arm 'S' design alloy wheels

LED daytime-running lights integrated in the bumper

'S' Sports seats in optional Silk Nappa leather

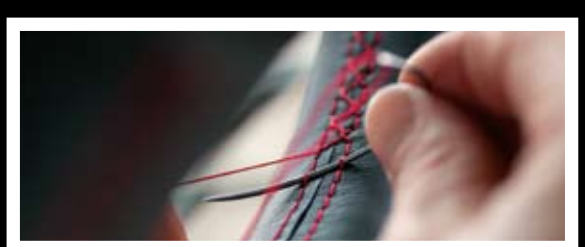
Audi exclusive

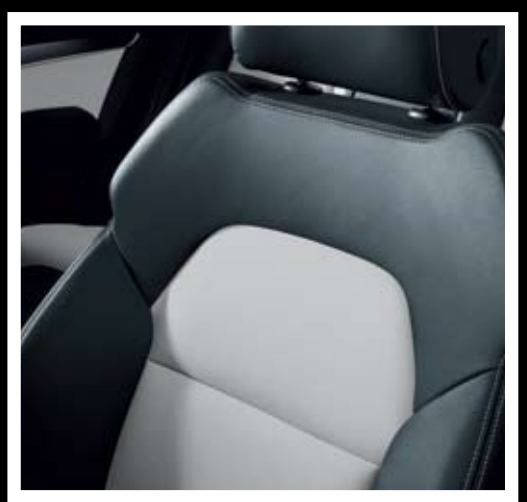
Audi exclusive

Every Audi is intrinsically exclusive. It's the breathtaking design, the exceptional engineering, the Vorsprung durch Technik. But for that special touch you can specify your new A6 with options from Audi exclusive. Whether you want a unique, custom-mixed paint colour or seats in a combination of complementary shades, Audi exclusive will enable you to drive the car you've always imagined.

Both the exclusive and standard options can be found on the following pages.



Audi exclusive line



Paint

You can select one of the standard colours shown opposite or, for a different look, choose from a range of optional finishes.

Options are subject to availability and may extend delivery.

*Not available on S6 models.
**Only available on S line models.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

Paint

Audi exclusive

Everyone has a favourite colour. No matter what yours is, Audi exclusive provides a range of unique colours that have been designed to set your car apart. Choose from the swatches here, or specify any other paint colour in the Audi range – whether it's Jet blue from the Audi R8 or Alpine white from the original Audi quattro®. The choice is yours.

Customised

If you have a particular colour in mind, we'll mix the exact metallic or pearl-effect shade you want.*

*Custom paint is subject to factory approval, and is available for metallic and pearl-effect water-based paints only. Three-colour process colours and two-tone schemes are not available.

All the colour swatches on this page are matched as accurately as possible to the actual paint colours used. However, due to print processes, Audi UK cannot guarantee that colours shown are 100% accurate.

Visit your local Audi Centre for a more accurate colour swatch.

Upholstery

Audi exclusive

With Audi exclusive, you can specify your seats in Fine Nappa leather, in an array of different colours shown to the right.

Select just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely comfortable with the result.

Audi exclusive controls packs and gear levers

Our fingertips and palms contain more touch receptors than any other part of our body – so shouldn't the parts of our car we handle the most also be the most pleasing to touch? As with Audi exclusive seats, you even have free choice on the colour of the decorative stitching used. Choose a controls pack and you can extend this exclusive look and feel to your car's handbrake, gearknob and gaiter too.

Options are subject to availability and may extend delivery.

Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits your needs perfectly. And that's why we've developed a whole range of accessories to enhance your A6, enabling you to customise it down to the last detail. Like your Audi, all these accessories are developed to the highest possible standards. And they're all available exclusively from Audi.

To find out more, just visit **audi.co.uk/accessories** or contact your local Audi Centre.

Warranty

All of the accessories available on the A6 are covered by a three-year warranty* if they are ordered and included in the purchase price of the car at date of delivery. Any accessories ordered and installed after delivery include a two-year warranty.*

[1]The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

[2]Top speed is achieved in top gear.

[3]The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

[4]Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

[5]The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

All diesel engines are fitted with a Diesel Particulate Filter.

[1]The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

[2]Top speed is achieved in top gear.

[3]The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

[4]Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

[5]The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

Additional information

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created thirteen categories:

Petrol and Diesel engines

A – up to 100g/km	£0.00
B – 101 to 110g/km	£35.00
C – 111 to 120g/km	£35.00
D – 121 to 130g/km	£120.00
E – 131 to 140g/km	£120.00
F – 141 to 150g/km	£125.00
G – 151 to 165g/km	£150.00
H – 166 to 175g/km	£175.00
I – 176 to 185g/km	£175.00
J – 186 to 200g/km	£215.00
K*– 201 to 225g/km	£215.00
L – 226 to 255g/km	£405.00
M – over 255g/km	£405.00

*Band K includes cars that have a CO_2 figure over 225g/km but were registered before 23 March 2006.

Vehicle Excise Duty (VED) Rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service Schedule has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service Schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/1 year
Inspection Service	Fixed to every 19,000* miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/2 years
Inspection Service	Fixed to every 19,000* miles/2 years

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our duty of care, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

We continually gather feedback from our Audi Trained Technicians, as well as our customers, to ensure our vehicles are running as they should. Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 17.5% but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£473.62
Number plate	£20.00
VAT	£86.38
Total	£580.00

Audi Roadside Assistance

Your new car comes complete with complimentary roadside assistance and recovery across the UK provided by RAC Motoring Services. Also included is roadside assistance throughout Europe, managed by RAC Motoring Services.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

This package, together with Audi variable service intervals, offers a combination unmatched by any other major manufacturer.

When you order your new car you can also choose to extend your Audi warranty to the lesser of: 4 years/75,000 miles or 5 years/90,000 miles. With full Audi warranty cover for up to 5 years, you'll be protected against unexpected repairs and should you sell your Audi before the warranty has expired it is fully transferable to subsequent owners.

Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

We want you to start enjoying your new car from day one and thanks to Audi Insurance complimentary seven day cover, you can. Call free on 0800 316 7893 (lines are open Monday to Friday 8am - 9pm, and Saturday 9am - 5pm), provide a few details and a cover note will be sent to your Audi Centre. They will then tax your car and you can drive it away.

Audi Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Audi Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Services Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.
